

DOWNLOADING E-PLATFORM TO YOUR DEVICE

iPhone, iPad and iPod touch

To access ePlatform on Apple devices we recommend using the free ePlatform app (you will need iOS7 or higher). Just follow these simple steps.

1. Visit the Apple App Store and install the ePlatform app
2. Search for your library (Cobar Shire Library) and sign in using your borrower number (C000000) and password (your birthdate in DDMMYY format), then browse for eBooks and Audiobooks
3. Borrow the desired title and select 'Read' for eBooks or 'Play/Pause' for Audiobooks
4. Open the ePlatform app when you want to begin reading, listening or borrowing again – no need to log in each time

Android Devices

To access ePlatform on devices using the Android operating system (eg. Galaxy Tab, Galaxy S, Galaxy Note, HTC devices) we recommend using the free ePlatform app. Just follow these simple steps.

1. Visit Google Play and install the ePlatform app
2. Search for your library (Cobar Shire Library) and sign in using your borrower number (C000000) and password (your birthdate in DDMMYY format), then browse for eBooks and Audiobooks
3. Borrow the desired title and select 'Read' for eBooks or 'Play/Pause' for Audiobooks
4. Open the ePlatform app when you want to begin reading, listening or borrowing again – no need to log in each time

Windows tablets

To access ePlatform on Windows tablets (eg. Surface Pro) we recommend using the free ePlatform app. Just follow these simple steps.

1. Visit the Windows store and install the ePlatform app
2. Search for your library and (Cobar Shire Library) and sign in using your borrower number (C000000) and password (your birthdate in DDMMYY format), then browse for eBooks and Audiobooks
3. Borrow the desired title and select 'Read' for eBooks or 'Play/Pause' for Audiobooks
4. Open the ePlatform app when you want to begin reading, listening or borrowing again – no need to log in each time
